Recalculating Safety

April 3-4, 2018
Saratoga Springs City Center & Saratoga Hilton, Saratoga Springs, NY

Registration Information

Sponsored by:

Trucking Association of New York
Governor’s Traffic Safety Committee
New York State Department of Transportation

With Cooperation from: New York State Department of Motor Vehicles, New York State Police, and the Federal Motor Carrier Safety Administration
WHAT
The New York State Truck Safety and Education Symposium and Safety Exhibition is an annual 2-day event providing the latest information on safety issues and compliance initiatives facing the trucking industry. The event is organized by transportation experts in both the public and private sectors and features industry professionals and government regulatory agencies. The symposium's theme is “Recalculating Safety” and features timely topics, which for 2018 include how to implement a health and wellness program, updates on new CDL test sites, the ELD mandate, risk management, vehicle maintenance, and accident management.

WHO
The symposium is ideal for anyone whose primary interest is the safety of their fleet, company, organization or municipality. This includes company presidents, vice presidents, general managers, fleet and safety managers and directors, as well as law enforcement and municipal administrators.

WHY
The symposium is designed to help you keep your fleet safe on the road. It provides the most up-to-date information on the policies, procedures and processes which impact your trucking operation.

WHERE
Saratoga Springs City Center

**SESSION HIGHLIGHTS**

**Shifting the Load through Safety and Risk Management** *Joseph Peplinski, Vice President, Haylor, Freyer & Coon*

Insurance expert Joe Peplinski will examine trucking loss trends and accident statistics, focusing on where companies are most vulnerable, where they can improve and how to build a “safety first” culture.

**First Observer Plus™: Train the Trainer** *David Cooper, Industry Engagement Manager, Transportation Security Administration*

The First Observer Plus™ Program provides transportation professionals with the knowledge needed to recognize suspicious activity possibly related to terrorism, guidance in assessing what they see, and a method for reporting those observations.

**CMV Driver Health: It Takes Two To Make A Thing Go Right** *Nancy Hart, Physician Assistant, Eastern Med*

Both drivers and employers play an important role in the health maintenance and safety of CMV drivers. Delve into the various aspects of the DOT medical exam, how drivers can be best prepared, and how employers can implement health and wellness programs to maximize the health and safety of their employees.

**Pre-Trip/Post-Trip /Level I Inspection** *Larry Johnson, Motor Vehicle Inspector, NYSDOT*

NYSDOT will discuss common violations they find during an inspection, and examine the elements of pre- and post-trip inspections that could help avoid those violations.

**Preparing Employees to Handle an Accident** *Brian Berger, Attorney, Carman, Callahan & Ingham, LLP*

Out on the road, accidents can happen in the blink of an eye, and if handled incorrectly, they can have far-reaching consequences. Attorney Brian Berger outlines what your drivers need to know in order to protect both themselves and your company following an accident including how to document the scene, how to communicate with police, and what documents they need to have with them.

**Reasonable Suspicion Training: Drugs** *John McGuire & Beth McGuire, Drug Recognition Experts, High Ride Consulting*

This session will educate employers and employees on driving impairment and what it means to highway and workplace safety. It will help attendees learn how to identify the signs and symptoms of impairment from illicit and prescription drug use, and serve as a guide for establishing programs and practices within an organization. This training meets the DOT 49 CFR 382.603 regulation for 60 minutes of training on the symptoms of controlled substance use. A certificate will be issued following the completion of both the drug and alcohol reasonable suspicion training.

**Dive into Vehicle Files** *Martin Duffy, Supervising Motor Carrier Investigator, NYSDOT*

Hear everything you need to know about the vehicle maintenance BASIC, including how to avoid an audit, and what metrics are used to flag carriers for intervention.

**Reasonable Suspicion: Alcohol** *John McGuire & Beth McGuire, Drug Recognition Experts, High Ride Consulting*

This session will educate employers and employees on driving impairment and what it means to highway and workplace safety. It will help attendees learn how to identify the signs and symptoms of impairment from alcohol use, and serve as a guide for establishing programs and practices within an organization. This training meets the DOT 49 CFR 382.603 regulation for 60 minutes of training on the symptoms of alcohol use. A certificate will be issued following the completion of both the drug and alcohol reasonable suspicion training.

**State Agency Updates** *NYSDOT; NYSDMV; NYS Thruway Authority*

Learn what you can expect in the coming months and years from the state agencies which regulate the trucking industry.

**ELD Update** *Timothy Grimley, Safety Investigator, FMCSA*

Now that the ELD implementation deadline has passed, hear what FMCSA has learned during the first months of enforcement, including common misconceptions and misinterpretations of the nation-wide mandate, including proper record-keeping and printing requirements.

**Federal Agency Updates** *FMCSA; PHMSA*

Learn what you can expect in the coming months and years from the federal agencies which regulate the trucking industry including updates on entry-level driver training, speed limiters, drug and alcohol clearinghouse, the 18-21 year old pilot program and medical marijuana.

**Enforcement Roundtable** *Moderated by Sgt. Ray Weiss, NYSP*

Law enforcement representatives from the federal, state and local levels field questions from attendees regarding current enforcement issues. Attendees are encouraged to bring their specific questions to the discussion.

---

**EVENT HIGHLIGHTS**

**Safety Exhibition**

The Safety Exhibition features products and services which improve day-to-day trucking industry operations. Over three hours of dedicated exhibition time ensures that attendees are able to adequately research and discuss the different products and services offered by vendors and sponsors which may significantly reduce their time and overhead. Admission to the safety exhibition is included with each registration.

**Agency Resource Fair**

The Agency Resource Fair gives attendees the opportunity to speak directly to state and federal agency representatives about their specific concerns. The resource fair affords regulators and trucking professionals the time to engage in a dialogue regarding issues and concerns which may be unique to a single operation. Attendees will also be able to sign-up for one-on-one time with NYSDOT.
